Play Me, I'm Yours is an artwork by UK artist Luke Jerram, which has been touring internationally since 2008. More than 700 pianos have now been installed in 30 cities across the globe, from New York to London bearing the simple invitation 'Play Me, I'm Yours.' The project has reached more than two million people worldwide, with each new city that commissions the work becoming part of a growing legacy. Monterey County now joins the ranks of these cities with "street pianos" for all to play.
